## SIQ<sub>u</sub>IST ENHANCEMENT

- ▶ **DOCUMENTED SYSTEM:** pushed the development of new support documents and tools under the mapping and consolidation of SIQ<sub>u</sub>IST
- ▶ **RESPONSIBILITIES:** made visible the need for the formalization and promotion of the work of the Strategic Plan Monitoring Committee (CAPE)
- ▶ **TEAM WORK:** an opportunity for involving all leaders of IST strategic areas in a joint reflection on quality monitoring/promotion mechanisms.
- ▶ **TRANSPARENCY:** made visible the involvement of people in quality processes, establishing better links and information channels on the monitoring processes and quality promotion among stakeholders
- ▶ **CREDIBILITY:** greater visibility and credibility for the quality system itself, inside and outside the institution
- ▶ **FEEDBACK:** awareness of the effectiveness of the quality tools (focus on what to do with the results of assessment processes, corrective measures, and improvement plans)
- ▶ **COMMITMENT:** reinforced commitment of institution's governing bodies concerning quality issues, due to the involvement of all in this audit work
